

Farm to Show User Guide

It is now a legal requirement that all pig movements be recorded electronically.

To do electronic pig movement licences you will first need to log onto www.eaml2.org.uk

You will then need to enter your user name & password on the registered user section and click login.

The screenshot shows the eAML2 website interface. At the top, there is a navigation bar with the AHDB PORK logo and tabs for 'About eAML2', 'Help', 'Contact Us', 'Pig Health', and 'ZNPC'. Below the navigation bar is a banner that says 'Sign up to the NEW AHDB Pork Significant Diseases Charter for early warning of disease outbreaks in your region.' The main heading is 'eAML2 Electronic Movement Licensing' with icons for a truck, a pig, a mobile phone, and a computer mouse. There are three main panels: 'Registered Users' with fields for Username (ngm2) and Password, a 'Log In' button, and a 'Remember me next time' checkbox; 'Register with eAML2' with a truck icon and a green arrow; and 'Not registered and received a movement?' with a pig icon, a document icon, and a green arrow. At the bottom, there are links for 'eAML2 Contact Details' and 'Bureau Service & Helpline Opening Times'.

New eAML2 movement

Production details for Perky Pink Pigs ()

▼ To hide the site details of this movement please [click here](#)

Once you have selected your destination and clicked the 'new movement' button, a licence screen will load and you will see this at the top of the page.

You need to scroll down in order to start filling out your movement licence.

▼ To hide the site details of this movement please [click here](#)

* fields are compulsory

Please provide the name and address of the business owner.

Owner Name

Owner Address

Owner Postcode

[click here when you have finished this question](#)

Help

If any of these details are incorrect you can edit them for this batch.

If you are the owner of the pigs that are leaving your holding, enter your name and postcode on this section and tick the box to indicate you have finished that question.

If you are NOT the owner of the pigs, then enter the owners name and postcode on this section.

(It may be a breeding pig that's been on loan going back home OR pigs that have been "bed & breakfasted" on your land that are now moving off.)

Enter all of the following details for the site the pigs are coming from.

Site Name Perky Pink Pigs

Site Address Technical Division BPEX Limited
Winterhill House Snowdon Drive Milton
Keynes

Site Postcode AL1 3AF

DEFRA herd mark YH3344

Help

If any of these details are incorrect you should edit them in Pig Hub.

This section will automatically populate the address for the holding the pigs are currently on.

Enter details of the contact for this batch.

 This answer is complete.

Contact Name	<input type="text" value="Perky Pink Pigs"/>
Contact Position	<input type="text" value="Owner"/>
Contact Telephone	<input type="text"/>
Contact Email	<input type="text" value="Perkypigs@me.com"/>

click here when you have finished this question

Help

The contact person is the person nominated by the owner of the pigs to provide Food Chain Information for the pigs on the site. The contact person must have, or be provided with, all the relevant information about the site and the pigs in the consignment.

Some sections you will see are already completed for you along with the tick boxes, others you will manually need to complete.

Enter departure CPH for this unit.

Help

Please make sure this is the name of the vet practice that has responsibility for the site. This is needed for contact by the slaughterhouse operator or OV if problems are identified and also to feed back inspection results.

If the details are wrong you can change them for this batch only. To change the details permanently please go to Pig Hub.

BD.1.4

Please enter as a minimum the name and the postcode of your registered vet, ensuring you tick the box.

If you don't yet have a registered vet, then please enter the details of the vet you would use if you were to have a medical emergency.

Does this site operate as a batch finishing system (AIAO)?

No

Yes

This answer is complete.

Help
