

Farm to Farm User Guide

It is now a legal requirement that all pig movements be recorded electronically.

To do electronic pig movement licences you will first need to log onto www.eaml2.org.uk

You will then need to enter your user name & password on the registered user section and click login.

The screenshot shows the eAML2 website interface. At the top, there is a navigation bar with the AHDB PORK logo and tabs for 'About eAML2', 'Help', 'Contact Us', 'Pig Health', and 'ZNPC'. Below the navigation bar, there is a message: 'Sign up to the NEW AHDB Pork Significant Diseases Charter for early warning of disease outbreaks in your region.' The main heading is 'eAML2 Electronic Movement Licensing' with icons for a truck, a pig, a mobile phone, and a computer mouse. Below the heading, there are three main sections: 'Registered Users', 'Register with eAML2', and 'Not registered and received a movement?'. The 'Registered Users' section contains a login form with fields for 'Username' (containing 'ngm2') and 'Password' (containing '*****'), a 'Log In' button, and a 'Remember me next time' checkbox. Below the login form is a 'Forgotten password?' section with an 'Email Address' field and a 'Send Password' button. The 'Register with eAML2' section has an icon of a truck with a green arrow and text: 'Choose this option if you are new to eAML2 and would like to register to set up a movement.' The 'Not registered and received a movement?' section has an icon of a green arrow pointing to a document and text: 'Choose this option if you are new to eAML2 but have received a movement you need to confirm.' At the bottom, there are two sections: 'eAML2 Contact Details' with a helpline number '0844 335 8400*' and a note that calls are charged at 5p/minute plus access charge; and 'Bureau Service & Helpline Opening Times' with a note that the Bureau and Helpline Service Office operating hours are Monday - Friday 9am til 5pm and does not operate over the weekends or English bank holidays.

Set up a movement

[Edit Content](#)

Select your departure site

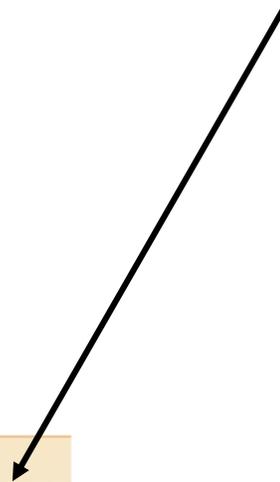

YH3344, Perky Pink Pigs, Technical Division, AL1 3AF

To an abattoir

To a market or collection centre

You will now see this screen - you may have to scroll down to see your departure site which should already be pre-populated.

If you have more than one holding with which to move pigs off, then tap the arrow in order to select your other holding from the drop down list.

Select your departure site

YH3344, Perky Pink Pigs, Technical Division, AL1 3AF

- To an abattoir
- To a farm
- To a show
- To an AI centre
- To a performance location
- To a market or collection centre
- To a port for export
- To a vet
- To a lab

Search for your destination by filling at least **two** items of information:

Address:

Assurance Number:

Postcode:

Herd Mark:

Holding Number:

Search

Or select from your recent destination farm

To locate the farm you wish to move pigs to, you need to simply enter the Holding no and the postcode and click search.

The site you are looking for should appear in a pink, you may have to scroll down to see this on your screen.

Name	Address	Postcode	Holding No.	Slap Mark
Posh Pigs - test site	Meat and Livestock Commission	MK6 1AX	77/888/9999	SL7788

Search

Name	Address	Postcode	Holding No.	Slap Mark
Posh Pigs - test site	Meat and Livestock Commission	MK6 1AX	77/888/9999	SL7788

Or select from your recent destination farm

New Movement

Once you have located the farm you are moving pigs to, scroll down and click the 'new movement button' to continue setting up a 'farm to farm' licence.

Have they had pigs before? If not- see below:

If the person/farm you are moving pigs to has never had pigs before or have not moved pigs in the last 3 years, it may be they are not yet on the Eaml2 system, in which case you will see the message as shown below in red text.

Click on the blue text to 'register a new unit'

Search for your destination by filling at least **two** items of information:

Address:

Assurance Number:

Postcode:

Herd Mark:

Holding Number:

Search

Sorry, no matching units on the system. Please try an alternative search or [register a new unit](#)

Or select from your recent destination farm

New eAML2 movement

Production details for Perky Pink Pigs ()

▼ To hide the site details of this movement please [click here](#)

Once you have selected your destination and clicked the 'new movement' button, a licence screen will load and you will see this at the top of the page.

You need to scroll down in order to start filling out your movement licence.

▼ To hide the site details of this movement please [click here](#)

* fields are compulsory

Please provide the name and address of the business owner.

Owner Name

Owner Address

Owner Postcode

[click here when you have finished this question](#)

Help

If any of these details are incorrect you can edit them for this batch.

If you are the owner of the pigs that are leaving your holding, enter your name and postcode on this section and tick the box to indicate you have finished that question.

If you are NOT the owner of the pigs, then enter the owners name and postcode on this section.

(It may be a breeding pig that's been on loan going back home OR pigs that have been "bed & breakfasted" on your land that are now moving off.)

Enter all of the following details for the site the pigs are coming from.

Site Name	Perky Pink Pigs
Site Address	Technical Division BPEX Limited Winterhill House Snowdon Drive Milton Keynes
Site Postcode	AL1 3AF
DEFRA herd mark	YH3344
Assurance Scheme	
Scheme Membership Number	

[click here when you have finished this question](#)

Help

If any of these details are incorrect you should edit them in Pig Hub.

This section will automatically populate the address for the holding the pigs are currently on.

Enter details of the contact for this batch.

This answer is complete.

Contact Name	<input type="text" value="Perky Pink Pigs"/>
Contact Position	<input type="text" value="Owner"/>
Contact Telephone	<input type="text"/>
Contact Email	<input type="text" value="Perkypigs@me.com"/>

click here when you have finished this question

Help

The contact person is the person nominated by the owner of the pigs to provide Food Chain Information for the pigs on the site. The contact person must have, or be provided with, all the relevant information about the site and the pigs in the consignment.

Some sections you will see are already completed for you along with the tick boxes, others you will manually need to complete.

Enter departure CPH for this unit.

Departure CPH*	<input type="text" value="33/444/5555"/>
----------------	--

click here when you have finished this question

This section will have YOUR CPH (the CPH the pigs are moving from)

Enter details of the vet practice responsible for this site.

This answer is complete.

Vet Practice Name*	<input type="text" value="BPEX Pig Practice"/>
Address	<input type="text" value="Meat and Livestock Commission,
P.O.Box 44,
Winterhill House, Snowdon Drive,
Milton Keynes"/>
Postcode*	<input type="text" value="MK6 1AY"/>
Telephone	<input type="text" value="01234567890"/>
Email	<input type="text"/>

click here when you have finished this question

Help

Please make sure this is the name of the vet practice that has responsibility for the site. This is needed for contact by the slaughterhouse operator or OV if problems are identified and also to feed back inspection results.

If the details are wrong you can change them for this batch only. To change the details permanently please go to Pig Hub.

BD.1.4

Please enter as a minimum the name and the postcode of your registered vet, ensuring you tick the box, if you don't yet have a registered vet, then please enter the details of the vet you would use if you were to have a medical emergency.

****New requirement to enable pork and pork products be exported to the EU.**

This information is needed for the whole supply chain so is necessary for all moves

<p>Please confirm that you have an up-to date Quarterly Veterinary Statement</p>	<p>Yes <input type="radio"/> No <input type="radio"/></p>	<p>Help The Quarterly Veterinary Statement will certify that your premises and the pigs thereon have suitable general husbandry, management, biosecurity practices, disease prevention and control measures for farmed animals. It attests that you have farming and biosecurity measures in place that contain the animals in specific controlled buildings or enclosures (electric fencing, stock-proofing or other natural barriers may be used)</p> <p>BD.1.6</p>
--	---	--

Selecting 'no' will mean that pig meat or animal by-products from these pigs cannot be exported to the EU.

The farmer receiving these pigs will forward the information to the OV at the abattoir as they will need this as evidence that the pigs have been kept separate from wild cloven hooved animals since birth. This documentation needs to be completed for all animals through the chain.

Does this site operate as a batch finishing system (AIAO)?

No

Yes

Help

This information has been populated from Pig Hub.

Batch finishing system?

This is an **“All in-All out”** pig production system for **large pig producers**.

Help

You can add any missing or additional herd marks on Pig Hub.

Please remember to tick all boxes that require it as you complete your movement licence.

Intended number of pigs in consignment

⚠ This question has not been answered.

Consignment Size*

check this box when the selections are complete

Help

Enter the number of pigs that you intend to send in this consignment.

Does this consignment have Lot Number(s) or Individual Animal IDs?

⚠ This question has not been answered.

No

Yes

Lot Number(s)

Help

If the consignment has multiple lots, enter each lot followed by comma. If the movement has individually identified animals enter IDs here e.g. for show movements

If your tags also have individual numbers as well as your herd mark, please note the individual numbers here, ensuring you select "yes".

You may also enter the herd mark of the pig if it has been on loan and is now returning to the original owner (for example, a breeding boar)

Are all animals in the consignment born and reared in the UK?

BD.2.5

This answer is complete.

Yes - Origin UK

No - Born or reared in another country

Don't forget to tick the boxes as you move through completing your movement licence remembering that some may already be ticked for you. Once questions are complete and have been ticked they will 'turn green'

Are the pigs moving on a temporary mark?

Help

This answer is complete.

No

Yes

Holding of Birth CPH

Other Reference

If the pigs are moving on a temporary mark please provide the Holding of Birth CPH or other reference.

If you are moving pigs less than 12 months old to another farm then you can move the pigs on a temporary paint mark (no tags/slaps required on the pigs) however you will need to put this on the licence.

Enter the type/colour of temporary mark that you will be applying on this section.

Is this a move within a pig pyramid?

Yes

This answer is complete.

No

*****New requirements for pork or pork products being exported to the EU *****

The Official Vet OV has to sign an export health certificate and needs evidence from the supply chain that these pigs, since birth, have not mixed with wild cloven hooved animals.

Has this consignment of pigs been kept since birth in premises where measures have been in place to contain these animals within specific controlled buildings or enclosures?

 This question has not been answered.

Yes

No

Help

This covers pigs that were moved onto your farm and those raised from birth on your farm. You should be receiving confirmations from your suppliers that they also have farming and biosecurity measures in place that contain the animals in specific controlled buildings or enclosures (electric fencing, stock-proofing or other natural barriers may be used).

If you answer NO, the meat from these pigs will only be able to marketed in Great Britain.

BD.2.10

Selecting 'no' will mean that pig meat or animal by-products from these pigs cannot be exported to the EU but can be used on the domestic market.

The farmer receiving these pigs will forward the information to the OV at the abattoir. This documentation needs to be completed for all animals through the chain.
