# Movements from Farm to Market or Collection Centre

It is now a legal requirement that all pig movements be recorded electronically.

To do electronic pig movement licences you will first need to log onto www.eaml2.org.uk

You will then need to enter your user name & password on the registered user section and click login.

## Movement licence questions

Please remember to tick all boxes as you complete the form, (some you will notice are already ticked for you).

If you are the owner of the pigs that are leaving your holding, enter your name and postcode on this section and tick the box to indicate you have finished that question.

If you are NOT the owner of the pigs, then enter the owners name and postcode on this section.

(It may be a breeding pig that's been on loan going back home OR pigs that have been "bed & breakfasted" on your land that are now moving off.)

#### Help

Please make sure this is the name of the vet practice that has responsibility for the site. This is needed for contact by the slaughterhouse operator or OV if problems are identified and also to feed back inspection results.

If the details are wrong you can change them for this batch only. To change the details permanently please go to Pig Hub.

BD.1.4

Please enter the vet details you are either:

### Registered with OR

The vet you would contact in a medical emergency.

# \*\*\*New requirement for pork or pork products being exported to the EU\*\*\*

No O

Please confirm that you have an upto date Quarterly Veterinary Statement

Yes 〇 Help

> The Quarterly Veterinary Statement will certify that your premises and the pigs thereon have suitable general husbandry, management, biosecurity practices, disease prevention and control measures for farmed animals. It attests that you have farming and biosecurity measures in place that contain the animals in specific controlled buildings or enclosures (electric fencing, stock-proofing or other natural barriers may be used)

BD.1.6

Selecting 'no' will mean that pig meat or animal by-products from these pigs cannot be exported to the EU.

The market receiving these pigs will forward the information to the owner as they will need this as evidence needs to be completed for all animals through the chain.

Does this site operate as a batch finishing system (AIAO)?

No O Yes O

Help This information has been populated from Pig Hub.

Batch finishing system?

This is an **"All in-All out"** pig production system for **large pig producers.**

\* fields are compulsory

The only Herd mark that should be used here, is the herd mark APHA have given to you when you registered as a pig keeper, this should **also be applied** to the pig.

# \*\*New requirement to enable pork and pork products be exported to the EU. This information is needed for the whole supply chain so is necessary for all moves

Has this consignment of pigs been kept since birth in premises where measures have been in place to contain these animals within specific controlled buildings or enclosures?

This question has not been answered. Yes O Help

No 🔿

This covers pigs that were moved onto your farm and those raised from birth on your farm. You should be receiving confirmations from your suppliers that they also have farming and biosecurity measures in place that contain the animals in specific controlled buildings or enclosures (electric fencing, stock-proofing or other natural barriers may be used)

BD.2.10

To export pork products the Official Vet at the abattoir has to sign an export health certificate and needs evidence from the supply chain that **these pigs, since birth,** have **not mixed with wild cloven hooved animals.** 

Markets and collection centres can select 'yes' if the farm of origin has answered Yes to this question.

Selecting 'no' will mean that pig meat or animal by-products from these pigs cannot be exported to the EU but can be used on the domestic market. \*\*New requirement for pork animal by-products to be exported to the EU- <u>only</u> <u>necessary for moves to slaughter</u> (or via a collection centre) if the animal by-products are destined for EU export\*\*

The batch of pigs covered by the above movement licence have resided on the associated departure premises for a minimum of 40 days

It is question has not been answered.

Yes O Help

No 🔿

Exporters of animal by-products to EU require this information as evidence for export certification.

For movements reported from a collection centre, these animals must also not have mixed with any other animals (of a different certified health status) whilst at the collection centre.

BD.2.11

Select Yes if the pigs have been on your farm for 40 days or more.

indicate if withdrawal period have been met

Do any of the pigs in the consignment have any abnormal conditions?

It is question has not been answered. 🔍 No O Yes Number of Pigs with Conditions Conditions and Casualties (please describe conditions and how to identify the animals) If any of these pigs been treated with BD.2.6 veterinary medicinal products or other treatments in the last 28 days, please provide details Do you have in place a Salmonella No 🔘 Help control plan?

It is question has not been answered.

#### Help

Select all relevant conditions, abnormalities or casualties and provide the quantity of animals it applies to in the batch. If any medicines have been used on these pigs please use the list of approved pig medicines (link below) to select them. This will automatically add the required information to your consignment. Please also provide a description in the text field if a needle has been left in a pig.

A salmonella control plan is not compulsory but to have one in place will help in managing salmonella. You can use the <u>Salmonella Risk Assessment</u> <u>Farm Tool</u> to help generate your control plan.

BD.2.7c

Yes 🔘

Definition: A 'condition' is defined as anything that is **abnormal** in an other wise healthy pig.

If you are unsure what a 'control plan' is, you can find out more information by clicking on this link whilst setting up your licence.

Please note a salmonella control plan is NOT compulsory
